

Moser Baer Pro CD-Rs

Moser Baer Pro CD-Rs are the first and only 52x CD-R to be launched in India providing excellent thermal sensitivity to the laser ray and maintain data integrity without degradation in any way. The Moser Baer CD - Rs are an advanced creation for high-speed recording and compatible with most conventional recording drives. These CD-Rs are specially designed to store not just data, but also audio and video files. The CD-Rs ensure that information is extremely safe.

Moser Baer CDs are available in single slim jewel cases; 10 pack slim Jewel case boxes; 10 pack cake boxes; 50 pack cake boxes and 50 pack cake boxes.
