Fact Sheet

Moser Baer Pro DVD+R/RW

With the need to pack more data onto a single disc came the need for a DVD. Keeping in mind this growing need of the consumer, Moser Baer offers an entire range of DVD+R / RWs—each holding up to 4.7 gigabytes of data in total security.

Moser Baer manufacturing equipment makes sure that its DVDs are available with the best possible physical and mechanical disc characteristics and superior high-speed performance.

Moser Baer DVDs can be written at speeds up to 4x for DVD-Recordables and 2.4x for DVD-Rewritables.

A recordable DVD holds up to 4.7 gigabytes of data, which is approximately 7 times the amount an ordinary CD can hold.

Moser Baer Pro DVD±R / RWs are available in Single Normal Jewel Cases and 5-Pack Normal Jewel Case Boxes
